# Vintage Bricks Wallpaper

This high quality, uber realistic brick wallpaper can turn a room with a plain white wall into a modern contemporary space. If you've spent any time in a New York loft (or even watched a movie set in the Big Apple), then you would be familiar with exposed brick walls as an aesthetic choice. With that 'old meets new' vibe, this brick wallpaper is a must. With earthy grey tones and raw rough style brick, this wallpaper is at its best when accompanied with exposed wooden beams which add a rustic feel; and white furniture keeping it modern and classic.
