

TIFF MANUELL

Between Tides Mural

Between Tides Wallpaper is an explosion of harmonious colors. This design was created by playing with the application of color and paint without planning, a study of how colors sit side by side and layer over each other. The depth of the navy gives the focal points to the other softer but quirky colors. Rust and lilac, olive green and peach, pale blue and watermelon, so many beautiful colors finding themselves happily side by side. So many brush strokes to study and delve into in this contemporary abstract, drip paint wallpaper design.

Designed as panels that are 129.6" high x 24" wide. Each roll comes with 3 panels. When calculating the quantity required. Simply divide your wall width by the panel width. For example. 142" wide / 24" = 5.8 drops ≈ 6 Panels: 2 Rolls.
