

Fantails Wallpaper

This intricate wallpaper with a folk art feel is inspired by a late spring afternoon in New Zealand; In this piece, a group of Fantails is chirping happily and dancing around amongst the foliage of a humble Kowhai tree during the last daylight hours.

Kowhai flowers are the first sign of spring in New Zealand and always attract a multitude of birds which feeds on its nectar. Fantails are curious little creatures which remind us to always keep exploring; Seeing a Fantail can be a gentle reminder that it feels good to try something new from time to time like a refreshing wallpaper.
