Layered Boho Wallpaper

A designer wallpaper inspired by the elements typically seen in bohemian style spaces. A melting pot of Color, texture and pattern. Think soft, textured rugs, and textiles on nearly every surface. Jewel and earth tones that wrap you with visual warmth. Vines of green leaves that make you feel like you're in nature. A style that blends into different cultures and different times. Bohemian spaces look lived in. They encourage lingering and lounging. Their design conjures feels of looseness, casualness, effortlessness. Boho is a style that begs you to go maximalist to the max. But it's also a style that can be a little minimal, and subdued. It can tip its hat to other eras, blend with other styles, or contrast a little, too. However you design to go boho... chances are your space will look and feel relaxing with the addition of this beautiful boho wallpaper. Available in 4 stunning Colorways, this design is perfect for both residential or commercial spaces.
