

BETHANY LINZ

Pomegranate Wallpaper

If you want to have a large floral show stopper. Check out the Pomegranate Wallpaper design featuring a flowing scalloped stripe with an over layered floral scrolling its way up. The pomegranates are the mane motifs, paying tribute to the artists and designers from the 1700's who were inspired by all the tropical fruits that were starting to be imported from around the world. These imports were very expensive and were a symbol of wealth that started to appear in all forms of art. This luxurious wallpaper design will upscale any interior.
