# Queensland Weatherboards Wallpaper

These wood panels have weathered everything from severe storms to the blazing heat that Queensland, Australia is known for. This wallpaper has every detail in the weatherboards perfectly captured from the area where the flaking paint threatens to reveal the wood beneath to the rusted nail heads. This wood boards wallpaper is also incredibly versatile as you can hang it so the boards are vertical or horizontal. It's ideal to add a touch of shabby chic to the interior of any space.
