Sleeping in the Woods Wallpaper

Give your little one an adorable environment to grow up in when you surround them with a peaceful environment full of beautiful trees and cozy deer. Sleeping in the Woods is ideal for a forest theme, or minimal Scandinavian or if you are looking for an alternative to more traditional themed woodland nursery wallpaper. So step away from the pale pink and baby blue and get ready to design a room that's as unique as your kids are.

This calming woodland wallpaper is peaceful to look at, and instantly gives any nursery a warm, comfortable feel. This black and white design will coordinate well with other Colors, or you can go with a primarily black and white theme for a modern sophisticated nursery.
