BETHANY LINZ

# The Milky Way Wallpaper

The Milky Way Wallpaper from Bethany Linz is inspired by precious childhood memories of gazing up at the open sky, watching for shooting stars and mapping constellations with tiny fingers. Reminiscent of the stylised abbey ceilings, this design features decorated stars of gold and silver twinkling across the open sky, recreating the beauty of our home galaxy to be enjoyed both night and day.

**Note:** Samples are provided for review of the material, pattern scale and print technique—they are not intended to be used for colour matching purposes. There can be slight shifts in colour between runs, so your wallpaper may vary slightly from sample colouring.

Please ensure that you order the correct amount as we do not guarantee that rolls printed in different batches will be an exact match.
